

FAA Safety Team presents:

VMC Club Meeting - Mastering the Art of Aviation

We are honored to welcome Jessica Cox, Possible Thinking™ - Achieve the impossible. Jessica will talk on a variety of aviation related topics, including her recent cross country flight to Air Venture 2021 in her 1946 415-C Ercoupe. About her new project, building "The Impossible Airplane". And touch on the various adventures and experiences that come with being a pilot and aircraft owner. Among Jessica's many accomplishments, she is a motivational speaker, author, life coach, pilot, aircraft owner, black belt, as well as runs Right Footed International, a foundation she formed to help those with disabilities, especially children live to their greatest potential, and the worlds first armless pilot just to name a few.

This is an in person seminar only, and will not be zoomed or recorded. Due to limited seating, please cancel your registration if you find later you will not be able to attend, so that someone else may be able to register.

EAA/VMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building flying knowledge and skills. The program's network promotes a safety culture through continued education and believes that we develop safety and proficiency through education and real life experience. Monthly
